Biodiversity Finance Initiative

Implementing Finance Solutions for Biodiversity and Sustainable Development

Closing Mexico’s Finance Gap for Biodiversity with Innovative Solutions

- **Finance Needs of the NBSAP (2017-2020)**
  - USD $1.8 billion

- **Finance needs beyond the NBSAP**
  - Cost of Environmental Degradation and Resource Depletion related to biodiversity in 2015
    - USD $11.6 billion
  - Bonn Challenge Restoration (2014-2020)
    - USD $6.3 billion

- **Existing Resources**
  - Public Expenditure in Biodiversity
    - USD $1,169.8 million
    - *2015, baseline

**Baseline**

**Expected Results**

- **Mainstreaming Biodiversity in Strategic Sectors**
  - Financing Ecosystem Based Adaptation through Vertical Funds
  - Expanding Local Finance Schemes for Conservation
  - Aligning Result Based Budgeting to the SDGs
  - Propelling Nature Entrepreneurship and Impact Investment

- **Unlocking the National Climate Change Fund of Biodiversity Finance**
  - Greening the Banking Sector

- **Scaling the Environmental Programme of the National System for Public Investment**

- **Generate revenue, realign expenditures**

- **Realignment expenditure, avoid future cost, deliver better**

- **Reduced Needs**
  - USD $6.3 billion

**Increased Financing**

- **Implementing Finance Solutions for Biodiversity and Sustainable Development**
